

Stop the cuts.

\$3.6M will be cut from policing, reducing our department to 0.84 officers per 1,000 residents (national average is 2.4/1,000).

endorsed:

Street repairs will be reduced, adding to our current \$1M/year deferred maintenance backlog.

Recreation programming and support for community events at City facilities—including the Frances Anderson Center—will end.

After \$8M in cuts last year, here's what we'll lose without Prop 1:

\$1.8M will be cut from parks, requiring closure of Yost Pool, amenities like restrooms, and broad reductions to city-wide maintenance.
