**Yes!**  
**Edmonds is worth it.** 

**Without a Yes vote on Prop 1,** Edmonds will have to make more cuts to our parks & public safety. (That's on top of the \$8 million in cuts that already happened in 2025.)

Prop 1 helps us **prevent more painful cuts, creates stability, and protects the future** of the city we all love.

## Edmonds is worth it.

A “Yes!” on Prop 1 will:

#### Stop \$3.6 million in cuts to our police.

Without Prop 1, Edmonds will be forced to cut public safety spending, reducing our police to 0.84 officers per 1,000 residents: well below national (2.4/1000) and state (1.4/1000) averages. That's why Prop 1 is endorsed by Edmonds Police.

#### Stop \$1.8 million in cuts to our parks.

Without Prop 1, Edmonds will be forced to close Yost Pool, the spray pad at City Park, and programs at Frances Anderson that working families depend on.

Prop 1 will cost the median household:

**\$2.14/day**

(less than 1% of the Edmonds median household income.)

Seniors and those with disabilities earning less than \$75,000 a year are exempt.
